

FOR RELEASE THURSDAY, OCTOBER 29TH, 2015

LitCap Litigation Funding Platform Release 4.1 Enables Investor Fiduciary Administration To Scale Beyond \$300 Million in Current Funding.

To date, the LitCap litigation financing platform has allocated more than **\$300 million in funding** on the platform.

Houston, Texas – October 29th, 2015 – As part of its upgraded litigation financing platform, LitCap announces release 4.1 with additional portfolio management and reporting features. The upgraded platform improves the capability for investors to deploy capital in the litigation financing sector. To date, the LitCap litigation financing platform has processed more than **\$300 million in funding** allocated on the platform. LitCap's investors have enjoyed double-digit returns representing minimum default rates.

The LitCap online platform includes a technology suite of analytical products to assess the risk and success profiles of litigation finance cases and dockets. Release 4.1 includes upgraded reporting and features for:

- Portfolio management reporting by claim type and other “designated” underwriting factors;
- Lender manager roles for fiduciaries, managers, analysts, and assistants;
- Trigger alert notifications based on specified portfolio requirements;
- Lender funding graphic chart capability; and
- Investment firm marketplace views.

“Release 4.1 upgrades the platform services for specialty finance groups and alternative asset investors, in the hopes of simplifying the multi-billion dollar litigation finance market,” stated Britton Holland, COO and President. *“The LitCap technology streamlines alternative asset capital deployment in the litigation financing sector.”*

LitCap offers institutional investors a portfolio of high yield returns which are uncorrelated to standard market dynamics. LitCap manages litigation case financing via its online platform to offer a diverse and quality-driven portfolio of case types and sizes, which investors can pick and choose based on the risk/return profiles desired.

LitCap CEO and Managing Director, Hugh J. Plummer, Jr., commented, *“Our approach to matching supply and demand of capital for our attorney clients has been compared to the approach used in Moneyball. Our case quality assurance and underwriting capabilities have allowed our investors to generate double digit returns. We’ve always believed at LitCap, that attorney financing should be based on the merits of the attorney’s case and the merits of the attorney.”*
